CONFIDENTIAL

18. [] Met with Ed Braswell, Chief Counsel, Senat
Armed Services Committee, and told him of the review we were conducting of
the testimony of witnesses before the Senate Foreign Relations Committee on

[]
Braswell mentioned that he had talked with the staff of the Government
Operations Committee and was advised by them the Committee plans to take
no action on the Baker/Weicker proposal for a joint committee on intelligence.

19. [] Met with Ed Kenney, Senate Armed Services
Committee staff, and briefed him on the two amendments which Senator Abour
has proposed to the Foreign Aid bill when it comes up on the floor. I left with
Kenney copies of our letters on these amendments.

20. [] Jim Calloway, Senate Appropriations Comm:
staff, called shortly before 7:00 p. m. to say they were having problems with
scheduling and would have to cancel the briefing tomorrow morning. He said
he would call me first thing in the morning to see if it could be rescheduled late
in the day or if necessary at a different time. The Director, [] and
[] were advised.

21. [] The Director advised he had received a call
from Chairman John Stennis, Senate Armed Services Committee, who said he
liked the drafts of the exchange of letters we had prepared and was having his
letter to the Director done in final and we could pick it up. The Director asked
if we would have somebody drop by to pick of Stennis' letter and go ahead and
have his (the Director's) reply put in final form.

22. [] Received a call from Guy McConnell, Senate
Appropriations Committee staff, who said he wanted to check as to whether the
money appropriated for the Agency was no year or multi-year funds. After
talking with Messrs. John Warner, [] and Jack Iams, I advised
McConnell most of our funds were multi-year funds (i. e. available for expenditu
within a period of three years) but some [] were
in effect two-year funds. McConnell thanked me for following up on this.
